What is AgencyScale?

This is the first to market cloud-based software solution that allows users to build a scalable business around all the tools they have purchased in the past. This robust solution includes everything needed to find and close new leads, manage projects, invoices, employees, customers, service packages, proposals/estimates, etc. This also comes with a dedicated blueprint module to integrate and make money with the top 32 products in our marketplace

Why Do People Need AgencyScale?

- Includes our proprietary lead generation tool.
- Includes everything one needs to manage leads and customers.
- You can track client projects, invoices, proposals/estimates with no limit on the number of clients or leads
- Works with agency/commercial and whitelabel licenses you already own one dashboard allows you to manage your entire business, clients, employees and more
- Includes dedicated blueprint to integrate and make money with the top 20 products in our marketplace + any other product in any niche.

Here are 10 Ways In Which Your Customers Can Utilize AgencyScale:

1. Utilize our lead finder to find hungry business leads from ANY part of the world, in ANY niche!
2. Create and manage multiple projects with inbuilt project management features
3. Manage client files in one place (built-in storage included)
4. Track and easily report on agency performance (with whitelabel reports)
5. Collect and Manage Payments (Paypal, Stripe, RazorPay, PayStack, Authorise.net, Mollie)

6. Onboard and manage clients by keeping track of their progress
7. Create and manage multiple projects with inbuilt project management features
8. Control communication between the team and clients - managing client expectations
9. Get access to well documented actionable steps around building an agency, finding clients and earning from freelance sites
10. Build an agency from ground up using the right tools and foundation

AgencyScale Helps You Build A Six-Figure Service-Based Agency In Any Niche In Just 3 Simple Steps...

STEP 1. FIND YOUR LEADS: We give you a powerful lead generator.

STEP 2. CLOSE & MANAGE: Use our robust Agency CRM to manage all your clients including collecting payments.

STEP 3. REPEAT: As new leads are added, our AgencyCRM continues to produce more clients and more success.

THANK YOU
